DETAILED ACTION

Claims 12 and 32 are under examination .

Claims 3-31 are withdrawn.

The rejection of the claims 1,2 and 32 under 35 USC 103 Over JP 49-43688 Noguchi 1, JP 47-12533 Noguchi 2 , GB 1003083 Kasai, and GB 1054436 Senshu still stands.

Applicants argue that their monomers are polymerizable.

The claims are drawn to monomers not polymers.

The prior art teaches similar compounds which have either the fluorescent whitening property or for improving the brightness. The prior art compounds may inherently also polymerize

Applicants main thrust is that the composition are not polymerizable and that only one benzene ring has a quaternary ammonium group.

Again the superior property as claimed by applicants is not convincing.

Applicants claims are drawn to monomers (a single compound) not to a process of polymerization nor to polymers themselves.

Thus the arguments are not found to be convincing.

The rejection still stands.

Conclusion

Claims 1, 2 and 32.

Claims 3-31 are withdrawn.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
